

Become a UAW Organizer

UAW Region 4 is hosting a workshop for members interested in becoming an organizer. It is more important than ever that we expand organizing in the auto industry.

As auto companies shift rapidly to EV production, and with Big 3 bargaining right around the corner, we must expand the voice and power of auto workers across the industry. If you're passionate about social justice and building a powerful movement of auto workers fighting to improve wages, benefits and workplace standards, please sign up to participate.

Upon successful completion of the workshop, there may be opportunities to work on an organizing campaign. The workshop will be done by Zoom. You will be contacted by one of the instructors to discuss available dates for this training.

Minimum requirements: flexible work schedule; basic computer skills; ability to work well in a team environment; passion for UAW, social justice and the broader labor movement.
