PRESIDENT'S REPORT

RANDY SMITH, President

Hope everyone had a safe Memorial Day remembering the Veterans.

I want to remind everyone that if you want to continue getting the newspaper you need to contact the Union Hall at 309-694-3151 by the end of the year or you won't receive one.

Thanks to everyone who participated in the Worker's Memorial Event.

I went to the Ag-Imp Meeting in Ottawa. Vice-President Norwood Jewell spoke about how important negotiations with John Deere are and told their membership to be prepared. Their contract is up in October. He also met with Cat's upper management last month to get acquainted and set up some plant tours.

The Laura Valentine Bags Tournament is June 27th here at the Hall so come on out and have some fun.

In closing we lost long-time Servicing Rep. Bud Reid on April 20th. Our prayers are with his family.

If I can help, please stop by my office.

Randy

As all of you know, Local 974 is very proud of the Heather Henninger Scholarship Fund. Because of you and your participation raising funds, we have been able to give thousands of dollars to our children and grandchildren. Continuing education benefits all of us and our communities.

We encourage everyone to participate. One way to help continue the scholarship is to consider leaving a gift to the Heather Henninger Scholarship in our wills. As active and retired members of UAW Local 974, we take pride in supporting our children and grandchildren with continuing education.

Thank you.

BARGAINING CHAIRMAN'S REPORT

TERRY FISCHER

As of May 1st, the backlog of grievances in Local 974 is down to 9 grievances: 1 discharge; 3 suspensions; 5 issues.

The grievance backlog has never been this low in Local 974 for many, many years. This has been the result of the International Union and the Company going through the grievance backlog starting last summer. The Company Labor Relations Dept. has made some personnel changes which have resulted in resolving the backlog of grievances dating back to early 2000. The Union Reps were able to successfully argue some grievances that resulted in settlements for our members but there were also grievances withdrawn due to lacking merit for arbitration. As a result, the membership has less waiting time for grievances processed for arbitration for both types of grievances – Just cause (Disciplinary Action) and Issue (Including LOA 32 & LCA).

The next scheduled arbitration dates: Just cause arbitration – May 12 & 13 – E. Peoria; Issue cases – June 17 & 18.

On March 12th we received arbitration awards rendered by Arbitrator M. Glazer on 2 E. Peoria Arbitrations held on January 27 & 28 of this year – Grievance 2007-HH-61 – award was denied. The issue on this grievance – An operator was given 3 day suspension for placing his bare hand on sharp metal hay, a violation of safety procedures. This was a case where it was the word of the operator versus the word of his supervisor. The arbitrator gave the credibility to the supervisor. Grievance 2010-SS-46 was granted and the grievant was awarded all monies for the period of the suspension and the suspension removed from his record. This case involved a supervisor increasing the number of tractors required to be inspected by the inspectors in the attachment area. This supervisor also accused the grievant of abusing personal time which he factored in his decision to suspend the grievant for not doing enough tractors. The arbitrator weighed the testimony in favor of the aggrieved and granted the relief of the grievance.

Decatur had 2 just cause arbitration hearings in February and just received the awards from arbitrator M. Glazer the week of April 6th. Grievance 14-DEC-105 was denied, discharge was for just cause. This issue was regarding falsifying an audit record which the grievant admitted.

The other grievance, 13-DEC-26, has an impact on the issue of the timeliness for reporting injuries, which in this case resulted in DA. The award in this case was granted on behalf of the Union. "The suspension of the grievant was not for just cause. The grievant shall be made whole and suspension shall be removed from his record." Arbitrator M. Glazer ruled there must be a reasonable minimum threshold before an employee is required to report an injury and this case the company did not meet the burden of proving a violation. The Union still advises that all on-the-job injuries be reported immediately to the company First Aid Dept.

The E. Peoria facilities announced earlier this year the date for the vacation shutdown is July 6th thru July 17th. I have not heard what the other facilities are planning. Anyone unsure what their division is doing for the summer shutdown should ask management in your department.

With the continued downturn in business, the company has announced more TLO's are possible in the E. Peoria facilities going into the summer months. Operations management in those buildings will be evaluating the areas to be affected on a monthly basis. The company announced on May 1st at the Decatur facility that 150 UAW members were going to be laid off indefinitely. How this will affect our membership in Local 974 has yet to be determined.

In February of this year the Local 974 Executive Board voted to change the format of the Local 974 newspaper to a newsletter format. Back in November, the President's office took action reducing the callouts for the offices at the Union Hall citing financial reasons for his decision. In line with reducing costs for the Local, several members of the Executive Board reviewed other options and found that the Local 974 newspaper could be modified at a substantial savings. After contacting other Local Unions, it was discovered the newsletter format was found to be more cost effective for the Local. This will not impact the membership's resources needed in the offices at the Hall and the Local will continue to maintain the communication to our Local membership, both active & retired, through the newsletter format. There will be an announcement in the June newsletter for members to contact the Union Hall if members want to continue to receive the Local 974 newsletter by U.S. mail, otherwise the newsletter is available on

the Local 974 website. Please communicate this to the membership.

Because this problem is not going away, I want to remind the membership about the company AWOL policy. Three days no call, no show – must contact the company by the 3rd day or be discharged on the 4th day. The company is enforcing this policy. Please take notice – **Anyone taking unapproved time off be sure to follow the call-in process on the absentee hot line, and call the supervisor; and bring in verification for the absences ASAP.** One more thing, absences regarding health issues require the physician's note stating "unable to work" on all the dates on the absence. Everyone is being held accountable for absences and members need to follow the procedures.

I attended the Ag-Imp/Cat Council meeting in Ottawa on April 28th and 29th. One topic of discussion were the UAW negotiations that will be taking place this summer and fall; Mitsubishi – Bloomington, CNH – Case/New Holland; Ford – GM-Chrysler, and John Deere. There will be concern on their progress as we

start preparing for our round of negotiations next year. The 2017 contract is less than 2 years away, and we want the membership to be prepared for what may lie ahead of us in our attempts to negotiate and ratify a Fair and Equitable contract for you and your families. With all of the issues and problems we have encountered with the current contract, I personally believe the past history and willingness of the company is going to be a greater challenge to achieve what the membership deserves. Our Membership's support of the Union is an important tool for bargaining. Show your support by getting involved and be active with your Union. All members are invited to attend the General Council Meetings and Steward Council Meetings.

In Solidarity,

Terry

JUNE / JULY 2015

MAPLEVILLE (a.k.a. The Land of the Expendables)

This month and throughout the coming year expect to see large numbers of Mapleville citizens retire, put out to pasture or move to the Land of the Honey Doers. The driving force of the exodus is most likely the January 2016 removal of the accrual of credited service (although for some the reality of having every day for the rest of your life be a Saturday is a siren's song that is irresistible to the strongest of workaholics!) For those of us that have chosen to remain harnessed to the plow, we will continue to uphold the longstanding tradition of quality, safety and naps at lunchtime! I am being told the forecast for Mapleville is generally stronger than the rest of the Foundry, but towards the fourth quarter if business at Lafayette doesn't rebound we could be in for a cold winter. The introduction of the new Seal Ring product could be a stabilizing force in terms of layoffs and their lengths and frequencies.

SILENCE OF THE LAMBS

It is said bad things happen to good people, when they remain silent. This would probably best be summed up in two words – Bruce Rauner. We good, hardworking, middle class Union folks are going to have bad things happen to us if his agenda of “shoot first ask questions later” attack continues

on those whom can least afford it, including but not limited to, retirees, the disabled and those of us with income of less than a million dollars a year! Take pause to remember we were warned that this would happen prior to the election, but we were silent with our vote.

My warning at this time is existence of good paying Union jobs at Caterpillar. If a rancher has thoroughbred horses capable of winning the Kentucky Derby, maybe even a Triple Crown winner amongst his stock he is going to invest time and money to keep that stock healthy and happy. Caterpillar products produced at Caterpillar Union facilities are thoroughbred equipment. I have a Union shirt that states: There's honor in quality work and dignity in fair wages. Back to the horses, if the rancher's stock is silent and complacent the rancher will figure everything he is doing is working. If all of the sudden his prize thoroughbred colt cries out and is not happy for some reason then he will react and change his way of doing things. My point is don't be silent at discrepancy in wages and rewards or bonuses management gets. Be vocal with your Solidarity. Support yourself and your family. Wear your Union shirts, hats and speak well of your Union. Silence will be interpreted as complacency, be vocal and Solidarity will get you what you deserve.

INSURANCE & BENEFITS REPORT

JIM ARROWOOD, Chairman

The deadline to verify your dependent eligibility is June 17, 2015. All covered members with dependents are required to submit documents requested to verify that all dependents are eligible to be covered under the plan. We have been assisting members with questions and have been faxing documents for them. If you continue to have questions regarding how to comply with the request to verify, please call us.

It is hard to believe how fast this year has gone so far. Here it is June already. Many of our members are looking at retirement in 2015. As of January 1, 2016, the non-contributory pension plan freezes. This means all assets and liabilities of the company's T.D.S.P. are transferred to the company's tax deferred retirement plan.

Also, on January 2, 2016 the retirement bonus will be discontinued. No continuation of credit for service will count toward the non-contributory pension plan.

There is now a bill in the IL Legislature to have state vehicles purchased with tax dollars. They should be vehicles built in U.S. or Canada made by our members or Canadian Auto Workers.

Ron introduced State Assemblyman Mike Smiddy who discussed the current legislative agenda. He acknowledged that there is a need to raise the minimum wage in Illinois. He thanked the UAW for our support. His wife is a teacher and has been elected to Teacher's Union leadership.
